ABOUT ME

I could say that I have excellent communication skills, developed emotional intelligence, know how to work in a team and independently, and also that I am constantly learning and developing my hard and soft skills. But every developer can do it, right?. And I'll just write that I'm cool and funny

COMPETENCES

At the beginning of 2022, I completed a course at RS School under the guidance of experienced mentors and then completed a course on Front- end development at the IT-Academy.
My hard skills consist of:
- Ability to make adaptive optimized layout;
- Using Git. Ability to work in GitHub;
- Knowledge of document markup languages (web sites): HTML, CSS, Javascript (JS);
- Ability to write structured and understandable code;
- Understanding the principles and stages of web projects development;
- Ability to find effective solutions, work for results;
- Ability to work with a large amount of information;
- Work in cross functional team.
If you have read up to here, then you need to know that I prefer to say space, not tab
